Dear Class:

This is a reminder that Assignment 2 is due on Friday May 15. Grades are due to UTSA on Monday May 18th by 2pm, so there is not much time for me to give extensions. In the worst case I can give an Incomplete grade which gives you one year to complete the work. I do not recommend this route unless absolutely necessary. Also a reminder to send me your lecture attendance statements by May 15.

I have enjoyed the class, but have very much missed the opportunity to have lectures in person. I wish all of the best in your studies and careers going forward. I hope you will find some of the lessons you have learned in this class useful in your professional lives.

-- Prof. Sandhu
